

## **Safety Audits and Certifications Notification of Audit Approved**

We are happy to inform that your company's health and safety audit has been approved.

For Certification/Recertification audits, Enform will apply for a COR/SECOR certificate on your behalf through the applicable governing body. This process should take two to three weeks at which time the certificate(s) will be mailed to you.

For Maintenance audits, Enform will notify the applicable governing body that you have successfully maintained your SECOR. The expiry date on your current certificate will remain the same.

Thank you for choosing Enform as your Certifying Partner and for your continued commitment to workplace health and safety.

If you have any questions, please contact us at the COR Call Centre 1-800-667-5557 option 3 or by email at [corinfo@enform.ca](mailto:corinfo@enform.ca).

Sincerely,

**ENFORM**  
Safety Audits and Certifications
